The Year 2020

The year 2020 is finally coming to an end. I am sure we can all agree that this past year has been very difficult for all of us in working in health care. We have all been affected by this pandemic somehow and somehow. For many of us our lives have changed and these changes will be a norm. We as nurses and health care providers are strong, and resilient and we will get through this difficult times. I want to thank each and everyone of our health care team members from the Rio Grande Valley for all your dedication and hard work that you have done and continue to do on a daily basis as we continue to fight this virus.
