

## 1st Quarter Newsletter

### **COVID 19 Update in the Rio Grande Valley**

A few months into the year 2021 and we continue experiencing issues with COVID 19. We are seeing more patients and communities getting support and additional resources to help with vaccination efforts in our communities.

Certainly, the past few months have been difficult for most communities, with challenges and obstacles that no one could have predicted. We must remain optimistic and hopeful and continue to support one another as we continue to provide care to our patients and our communities.

On a separate note, we are quickly approaching Nurses Week 2021. While the American Nurses Association has announced that National Nurses Week will be an entire month this year (May 2021) to expand opportunities to celebrate all our heroes of healthcare. We would like to wish all Nurses a Happy National Nurses Week 2021.

We thank you for all your hard work and for the essential role that you play in your community and the countless lives touched every day.

Sincerely

Aaron Salinas  
Rio Bravo Chachalacas #438 President
