Student View in the LMS

**ENPC 6th Edition COURSE MANAGEMENT DIRECTIONS**
**STUDENT VIEW**

Below are screen shots and directions to help you through the features of ENA's new LMS. In this document, you are referred to as a *student*.

Let's get started!

## Registering for the Course:

Hello Student,

ENPC Course Director, has indicated that you are interested in attending an upcoming ENPC 6th Edition Provider Course, starting on April 02, 2024 08:30 AM CST and ending on April 03, 2024 02:00 PM CST.

Please register for this course with ENA by clicking on the link below. Your course number is: PP20240402-14A. You will be prompted to log in or create an ENA account.

*If you know that you have an existing ENA account, please click "Forgot your Password?" to request a password reset link. If you do not have an account with ENA, please select "Don't have an Account" and enter your contact information, email address, and new password.*

**ENPC Course Registration Link**

If there are any questions or if you plan to challenge this course, reach out to your course director at @gmail.com

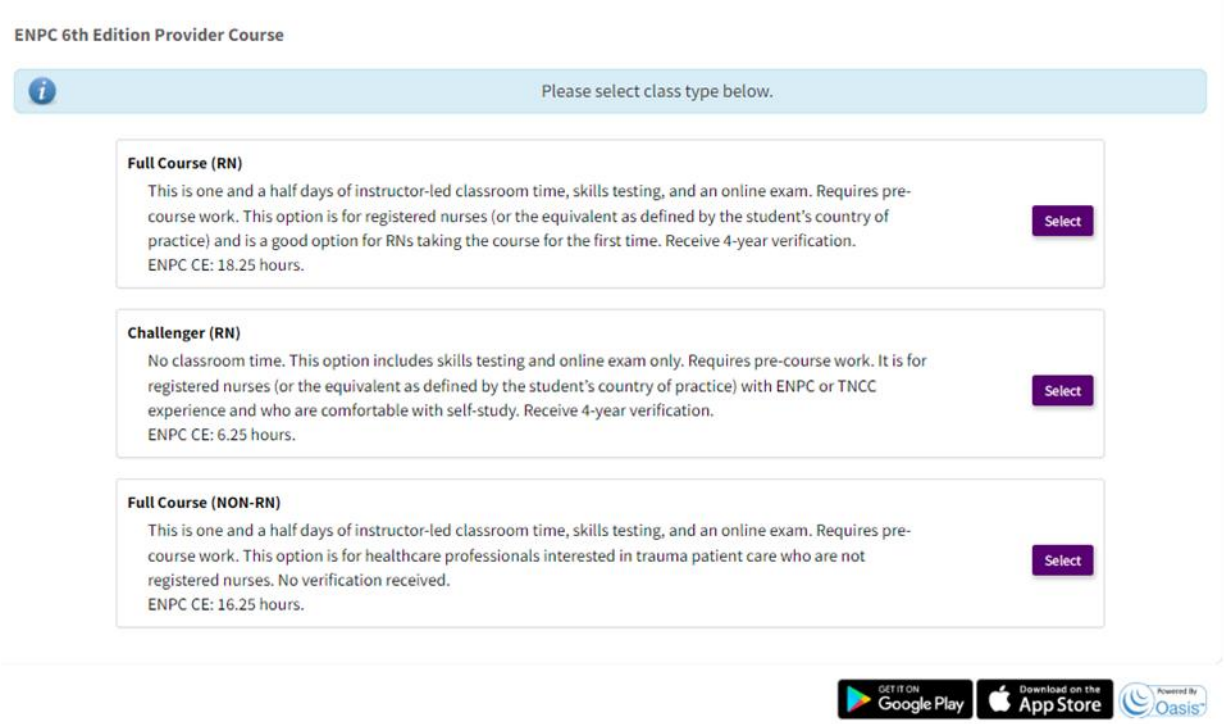

Sincerely,

The ENA Course Management Team

enau@ena.org

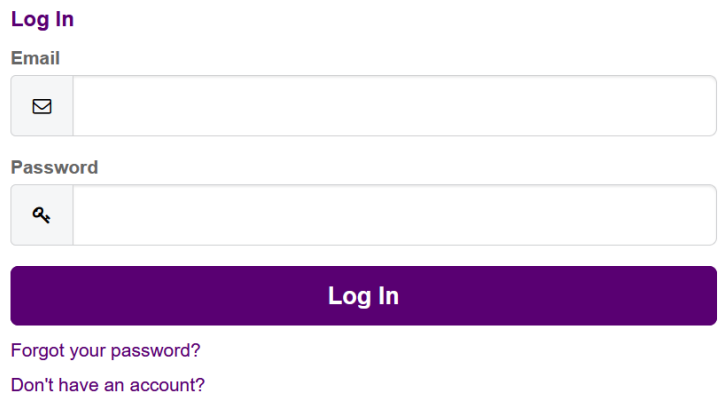

Your course director will send you a course registration link to the email address you provided them. The email will be 'sent from' the email address ENAU@ENA.org. Click the registration link and you will be prompted to log in. If you do not have an ENA account, you will need to create one.

## Choosing Class Type:

You will then be prompted to choose your class type. The options listed are Full Course (RN), Challenger (RN) and Full Course (Non-RN). Please check with your course director if you are unsure what class type to choose.

## Logging Back in After Registration:

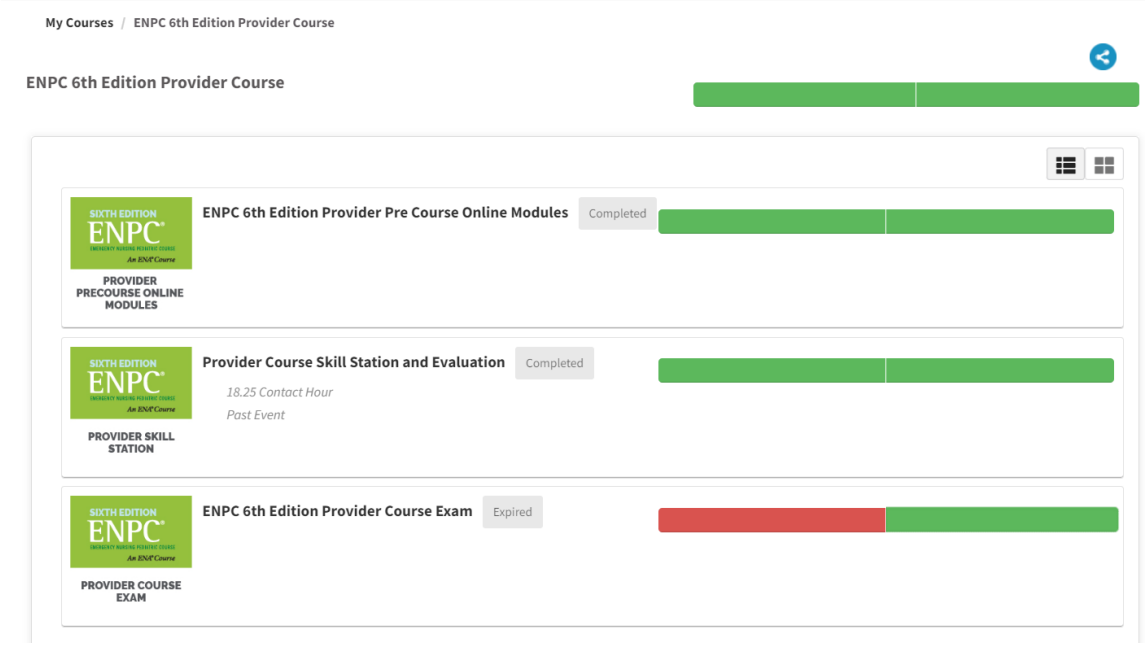

If you are looking to access your modules, evaluation, or exam after registration you will need to log back into our website. You can access your courses from your registration confirmation email, the My Courses link on our website, or directly from this link here.

## ENPC/TNCC:

After logging in, click on the TNCC/ENPC button located on the left side bar. This will show you any of your past or upcoming TNCC or ENPC courses and allow access to your pre-course modules, course evaluation, and exam.

## Student Overview in LMS:

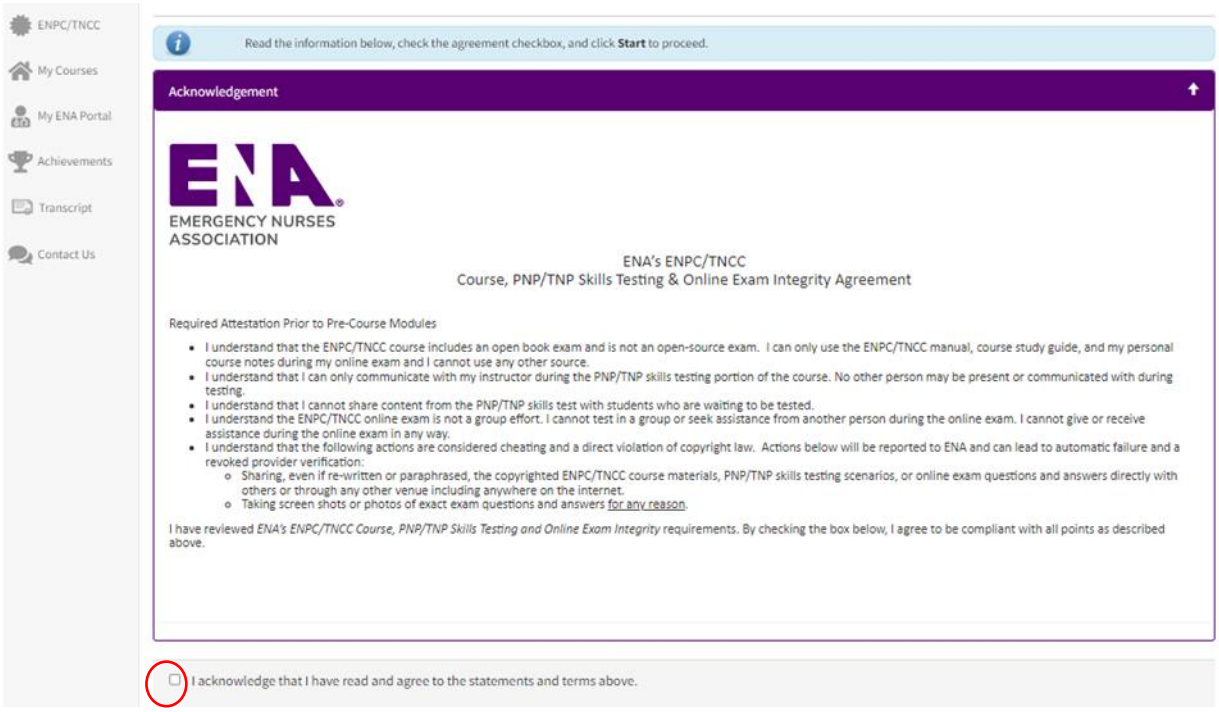

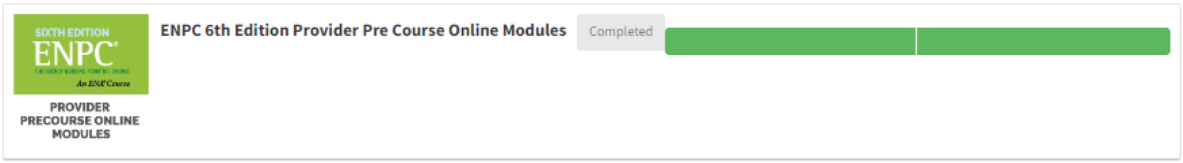

The student view consists of three tiles to illustrate course progression. Completion of all tiles is required to successfully pass the course.

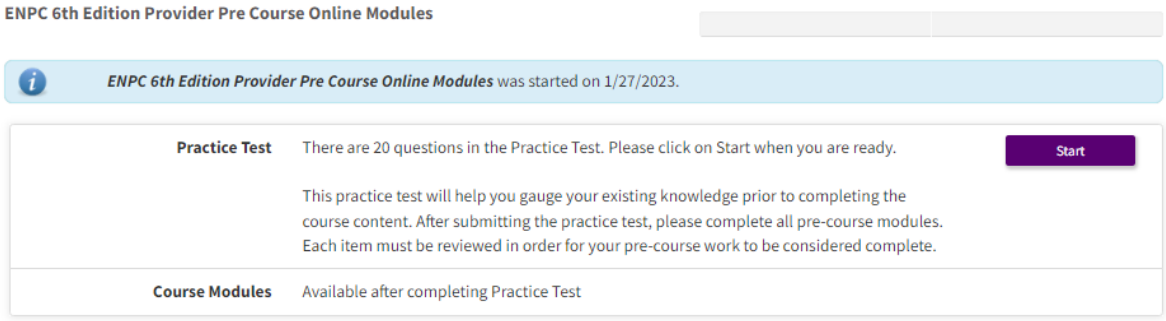

1. Pre-course Modules
2. Skills Station/ Course Evaluation Survey
3. Course Exam

# Pre-Course Modules:

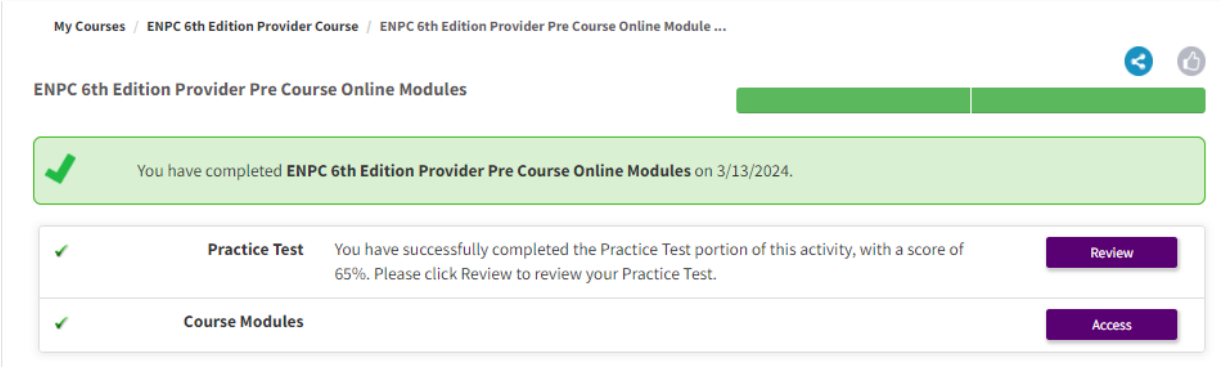

Before starting the pre-course modules, students will be required to agree to ENA's ENPC/TNCC Course, PNP/TNP Skills Testing and Online Exam Integrity Agreement.

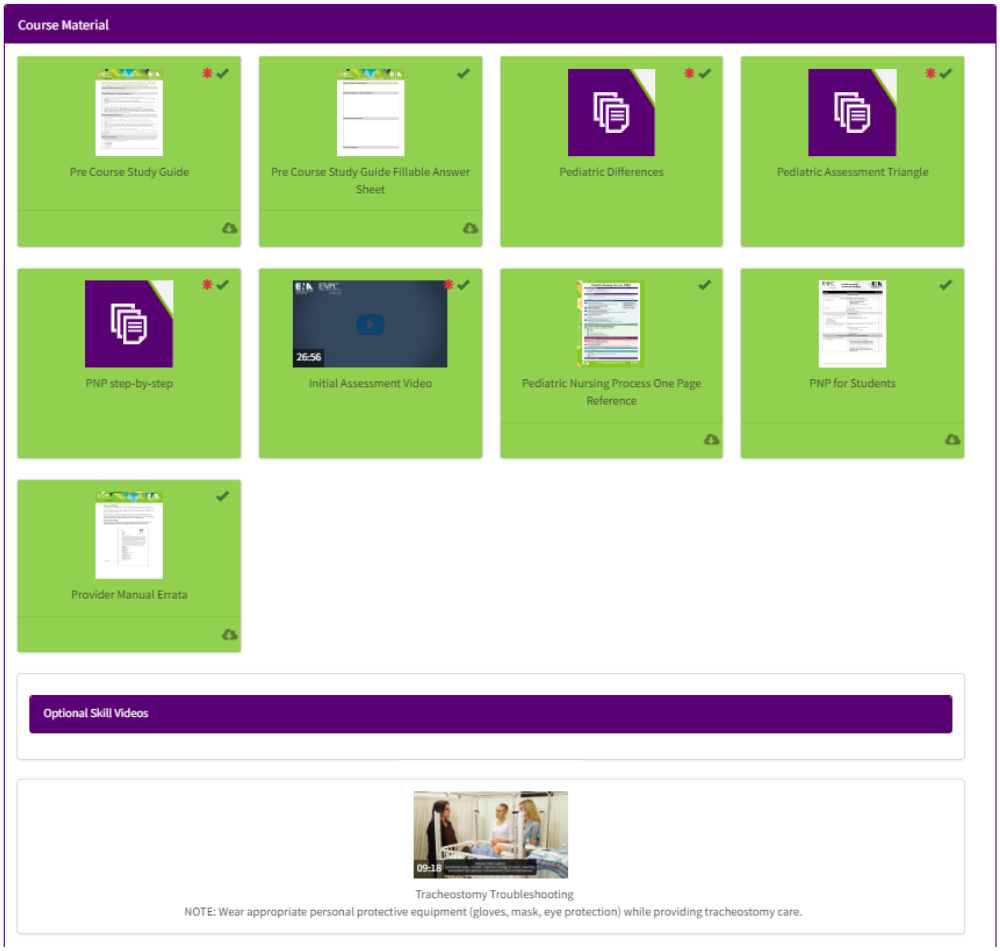

There are two components of the pre-course modules. The first component is the practice test and the second component is the course materials (modules). The practice test is required to continue however, there is no required score to achieve and it will not be viewable to the course director.

First complete the practice test and then complete the modules. The modules are listed under the Course Modules row by clicking on the Access button.

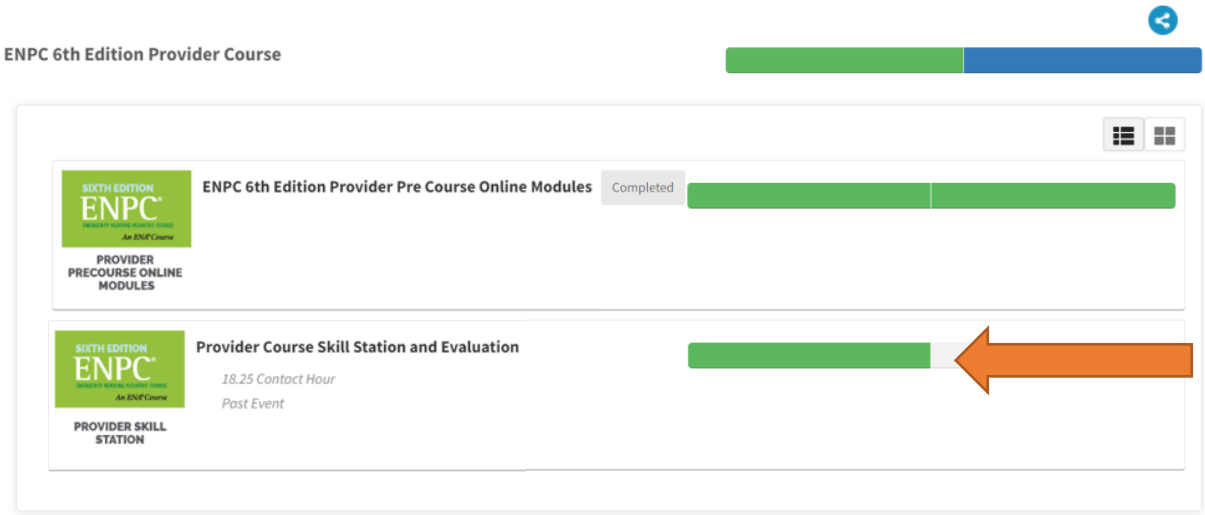

**Please note:** There is no evaluation to complete after the pre-course modules.

## Pre-Course Modules Selections:

All of the modules with the red asterisk are required to be completed. The downloadable documents and videos are available for reference but are not required viewing.

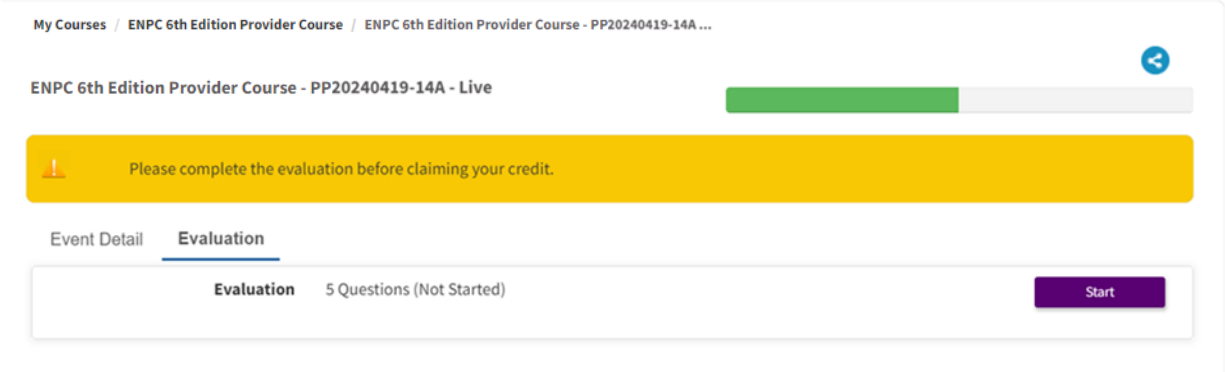

## Skills Station Scores:

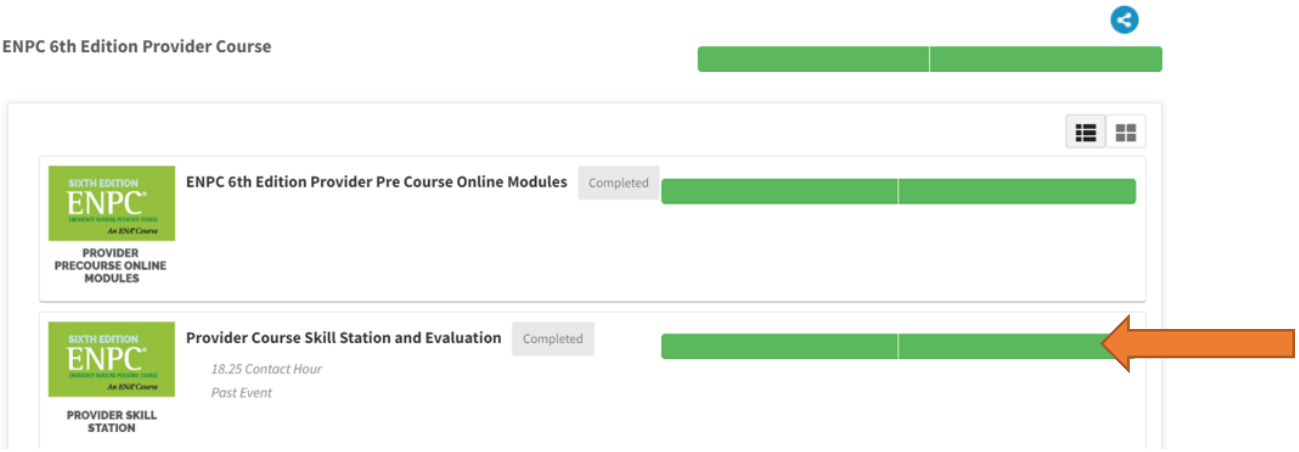

As skills station scores are entered by the Course Director, the first bar will turn green indicating that the student has passed the skill testing with a score of 70% or higher. Once the bar is green, the student has access to the required course evaluation. This evaluation must be completed before the exam can be accessed.

## Evaluation:

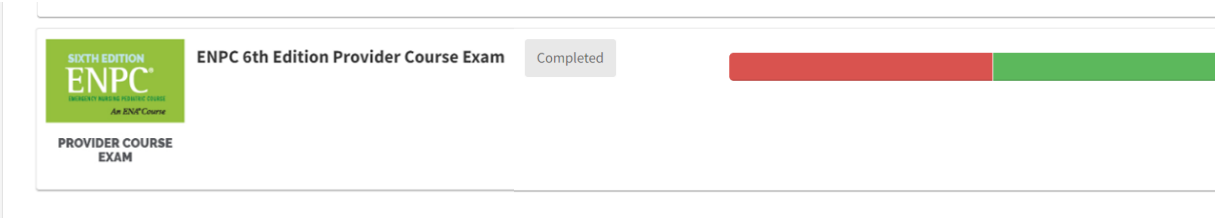

After the live course, the student must complete a course evaluation.

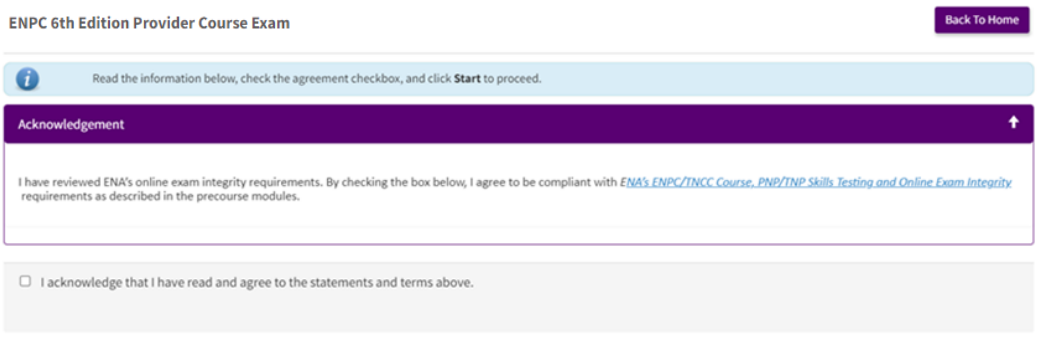

When the required evaluation has been completed, the second half of the bar will also turn green indicating that the exam can now be accessed. The names of the course instructors will be listed on a drop-down menu to evaluate. After completing the evaluation, the student will have access to their contact hour certificate.

## Exam:

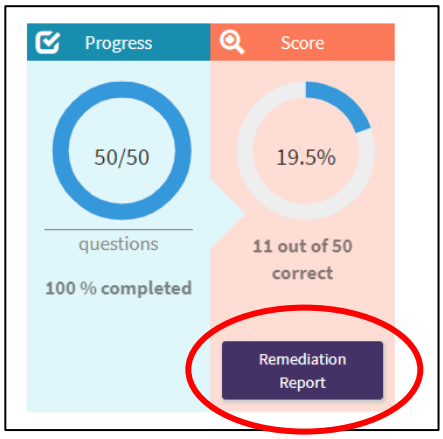

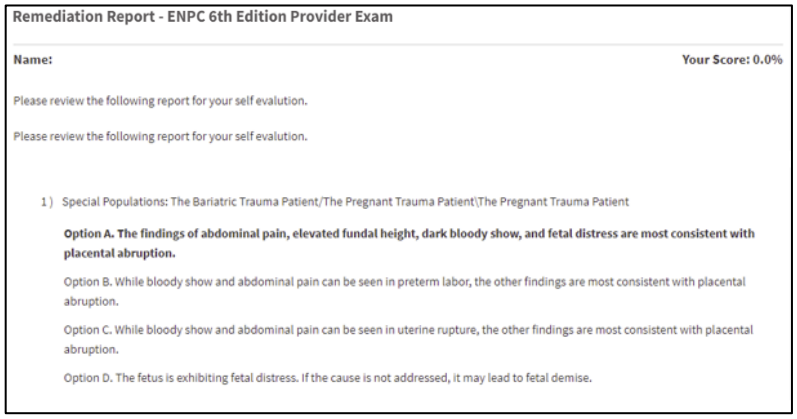

The student has two attempts to pass the exam. The two halves of the exam bar represent each attempt. The exam bar is color coded. Red indicates that the exam was failed. Green indicates that the exam was passed with a score of 80% or higher. Both attempts at the exam must be completed within 7 days from the end of the course.

Students must acknowledge ENA's ENPC/TNCC Course, PNP/TNP Skills Testing and Online Exam Integrity Agreement before completing the online exam.

## Failed Exam, Next Steps:

Remediation Report - ENPC 6th Edition Provider Exam

Name: Your Score: 0.0%

Please review the following report for your self evalution.

Please review the following report for your self evalution.

1) Special Populations: The Bariatric Trauma Patient/The Pregnant Trauma Patient\The Pregnant Trauma Patient

**Option A. The findings of abdominal pain, elevated fundal height, dark bloody show, and fetal distress are most consistent with placental abruption.**

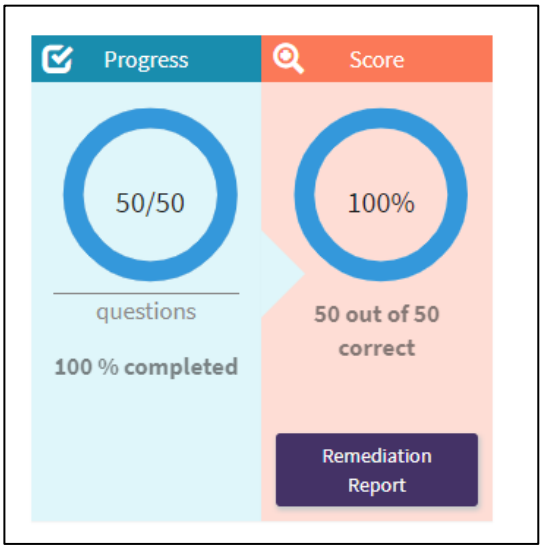

Option B. While bloody show and abdominal pain can be seen in preterm labor, the other findings are most consistent with placental abruption.

Option C. While bloody show and abdominal pain can be seen in uterine rupture, the other findings are most consistent with placental abruption.

Option D. The fetus is exhibiting fetal distress. If the cause is not addressed, it may lead to fetal demise.

If the student fails their first attempt, they will be able to view their Remediation Report. They will then have access to the 2nd attempt or 'make-up exam'. This 2nd attempt needs to be completed within the seven-day exam window. If the student fails their 2nd attempt, they will need to enroll in a new provider course if they require the four year verification.

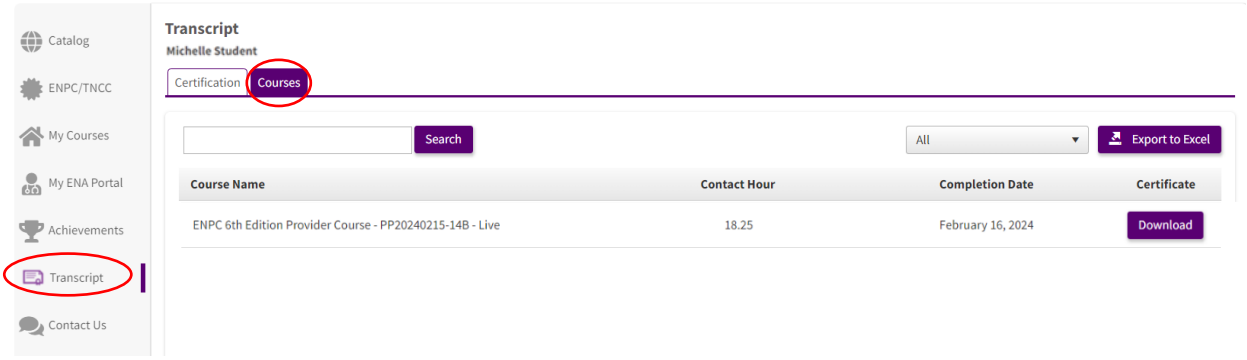

## Passed Exam, Next Steps:

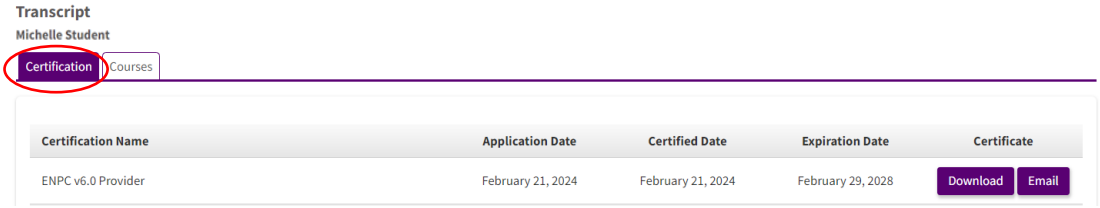

Once the student has passed the exam, they will again be able to view their Remediation Report. At this time, they will also have access to their provider card.

# Accessing Contact Hour Certificate, Provider Card, and Sending Verification Letter:

Students can access their Contact Hour Certificate and Provider Card at any time.

To access the Contact Hour Certificate, click 'Transcript' on the left side toolbar and then select the 'Courses' tab. The Contact Hour Certificate will be listed next to the 'Live' provider course listing.

Under the 'Certification' tab, students can download their Provider Card.

Students can also email a verification letter to a facility or agency by using the 'Email' button listed next to their provider status. Once selected, a pop-up box will appear where students will be prompted to enter in the email address of the intended recipient and they can then select 'Send Email' to send out the verification letter email. The verification email will show as coming from ENAU@ENA.org.

**Please contact ENA's Course Management Team at ENAU@ENA.org or 847-460-4120 if you have any questions.**
